As of late the financial markets have experienced drastic moves to the upside with extreme volatility from one day to the next. Rates are also fluctuating by area depending on the properties location. As a result, United Financial will temporarily stop publishing rates on a daily basis.

We are more than happy to take your phone calls and provide you with a rate quote for all your financing needs.

Please give us a ring at **(888) 556-4029**.

**Office Hours are:**

Monday through Friday 8:30 AM to 6:00 PM Eastern Time. We are also happy to schedule after hours and weekend appointments at your convenience.

Thank you for your understanding.
